Shiwei Liu

Detailed Curriculum Vitae

Hangzhou, China • +1 (412)287-7116 • shiweili@andrew.cmu.edu

EDUCATION

Carnegie Mellon University — Pittsburgh, PA, USA
Visiting Student — July 2026 – Jan. 2027 (Expected)

Zhejiang University, Chu Kochen Honors College — Hangzhou, China
Bachelor of Engineering, Computer Science and Technology — Sept. 2023 – June 2027 (Expected)

- **Turing Class, Chu Kochen Honors College.**
- GPA: 4.70/5.0 (92.38/100).

University of Oxford, St Anne's College — Oxford, United Kingdom
Winter Exchange Student — Jan. 2024

- Completed coursework in Artificial Intelligence and Machine Learning with Grade A.

RESEARCH EXPERIENCE

Research Intern — July 2026 – Jan. 2027 (Expected)
Carnegie Mellon University; Advisor: Prof. Lei Li

- Conducting research on **post-training methods for coding agents**.

Undergraduate Research Assistant — Oct. 2024 – Present
Zhejiang University; Advisors: Prof. Yang Yang and Ph.D. Candidate Yifei Sun

- Conducted research on retrieval-augmented generation (RAG), focusing on self-correction and memory-grounded failure localization in agentic RAG systems.
- "Self-Correcting Agentic RAG via Memory-Grounded Failure Localization," accepted to the **EMNLP 2026 Main Conference**.

HONORS AND AWARDS

- Xiaomi Scholarship, awarded to excellent students in the computer science field — Fall 2025
- National Scholarship, the highest national honor for undergraduate students in China — Fall 2024
- First-Prize Scholarship of Zhejiang University — Fall 2024

TECHNICAL SKILLS

- Programming languages: Python, C/C++.
- Data and research tools: data preprocessing, statistical analysis, experiment record keeping, technical documentation.
- Development and writing tools: Git, Linux, LaTeX.
- Research skills: literature review, data organization, academic writing, presentation preparation.

PUBLICATIONS

- Haoyang Zhong, Yifei Sun, **Shiwei Liu**, Jie Li, Chunping Wang, and Yang Yang. "Self-Correcting Agentic RAG via Memory-Grounded Failure Localization." **EMNLP 2026, Main Conference**. *The 2026 Conference on Empirical Methods in Natural Language Processing.*
